

P-51 Emergency Procedures

Training will cover procedures for using emergency fuel systems, landing gear control system failure, coolant temperature control system failure, aircraft preflight and pre oiling and aircraft post flight inspection.

Directions: West end of taxiway Bravo.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
